EXPLORE GOTHENBURG

Almost everything is within walking distance of the city centre, which makes it easy to explore Gothenburg on foot. We've hand-picked some of the best sights that you can manage to fit in even if you are just on a flying visit to the city. The round tour takes around two hours.

1 HE MARKET HALL (ISALUHALLEN).

Breathe in the aromas, sample the delicacies or tuck into an affordable lunch. The Market Hall has retained its old charm since 1888 and is a must for foodies.

2

GÖTAPLATSEN. Do like the sea god

Poseidon and take in the view from the top of Arenyn, the main boulevard. Arranged in a circle around you are Gothenburg Concert Hall, Gothenburg City Theatre, Gothenburg Museum of Art and the Hasselblad Center.

3

HAGA AND SKANSEN KRONAN. Stroll

down the cosy pedestrian street of Haga Nygata with its charming "Governor's houses" dating from the late 19th century. Enjoy a coffee at one of the many cafés and sink your teeth into the biggest cinnamon buns in Gothenburg! If you can manage the steps up to Skansen Kronan fortress it offers a great view over the rooftops of the city.

4

FESKEKÖRKA. This fish market that looks like a church is a sign of the almost

religious passion with which locals regard

seafood. The building was completed in 1874 to a design by the city architect, Viktor von Gegerfeldt. Closed for renovation. Re-opens in 2023.

5

GOTHENBURG CATHEDRAL (GÖTEBORGS DOMKYRKA). The Gustavian

Cathedral was designed by the architect C. W. Carlberg and opened in 1815. It is the third cathedral on the same site. The first was opened in 1633 in the name of Gustav II Adolf.

6

KRONHUSET AND KRONHUSBODARNA.

Further on, you come to the oldest building in Gothenburg, dating from 1654. It was originally built as a storehouse for military uniforms and other military supplies. Today the area is a bustling centre for handicrafts. The small studios house shops selling chocolate and toffee, a café, a smithy, potters, soap makers and more.

7

THE GÖTEBORG OPERA (GÖTEBORGS-OPERAN). The architectural design was

inspired by the harbour landscape of silhouetted ships, sails, bridges and cranes. An internationally renowned arena for dance, opera, musicals and concerts.

TIME TO SPARE? TAKE A DETOUR.

Take the Älvsnabben harbour ferry from Lilla Bommen to Eriksberg. See the river Göta Älv from the top deck and leave the ferry in the former shipyard area of Eriksberg, where you can see the Swedish Ship Götheborg, the landmark gantry crane and enjoy the view towards Älvsborgsbron bridge.

8

GARDEN SOCIETY OF GOTHENBURG (TRÄDGÅRDSFÖRENINGEN) AND THE

PALM HOUSE. One of the best-preserved 19th century parks in Europe. The Rose Garden has thousands of beautiful roses in summer and the Palm House is filled with tropical plants. You can also enjoy a coffee at Rosenkaféet and Café Grindstugan. There is a fine playground for children in the leafy garden setting, while Alfie Atkins occupies the old seed store, now a creative centre for all inquisitive children and their grown-ups.

Gothenburg Archipelago

Take a deep breath of fresh sea air. The coast and islands around Gothenburg are a unique setting where the craggy shore meets leafy nature. You will find cosy fishing communities and fantastic gourmet experiences here.

EXPLORE THE ARCHIPELAGO

The islands dotted along the coast are close enough to visit for the day and have a totally different tempo to the city. There are accommodation and restaurants on several of the islands, some of which are open all year round. However, we recommend that you check opening times in advance, especially in winter!

The southern islands are car-free, and you can easily reach them by boat from Saltholmen ferry terminal, and at certain times from Stenpiren in the city centre. You can get to Saltholmen by bicycle, bus or tram from central Gothenburg. The same tickets are valid on buses, trams and boats. Buy your ticket from a Västtrafik retailer or via Västtrafik's ToGo app. The app allows you to pay for tickets using Visa or Mastercard, or by Swish. You can also look up departure times. vasttrafik.se

The northern islands can be reached by car, bus or bicycle via Route 155 heading towards Hisingen/Öckerö to the Lilla Varholmen ferry port. Two ferries leave from Lilla Varholmen, heading to Hönö/Öckerö and Björkö. Both are free. During the summer, a ferry also goes direct from Stenpiren and Eriksberg in central Gothenburg to Hönö Klåva. For information and tickets, visit stysobolaget.se

Bikes can be taken on Vägverket and Stysöbolaget ferries, space permitting.

THINGS TO DO

SWIMMING

Gothenburg's archipelago offers almost endless possibilities for swimming – whichever island you find yourself on, you're never far from rocks, beaches and bays.

In the southern part of the archipelago, you'll find gems such as Vrångö's child-friendly shallow sandy beach, Utterviksbadet with its own little islet on Stysö, and the spacious Ramsdalsbadet on Brännö.

On the northern islands, there's Hästen bathing spot within walking distance of Hönö Klåva, the popular Hjälvik with its volleyball court and ramp on Öckerö, and Vivik with its trampoline and diving tower on Fotö.

PADDLING

Paddling a kayak or canoe is the perfect way to experience the Gothenburg archipelago, which can offer everything from relaxed and tranquil paddling on a calm day, to more challenging days when the frost gnaws at your cheeks. You can easily pull in to a beach or onto the rocky shore for a coffee break. Hire/guided tours: donsohavskajak.se | escapeoutdoors.se kajkantenvrango.se | pipeisland.se

WALKING

Hitta Ut – Now you can discover exciting new places in the Gothenburg archipelago while exercising. Look for checkpoints and get the chance to win prizes. Anyone can take part according to their abilities, at any time of the day during the season, which usually runs from May to October. Pick up a map at Gothenburg Visitor Centre or Infopoints in the archipelago, or download the map via the Hitta Ut app. hittaut.nu

The **Gothenburg Archipelago Route** combines spectacular views with slightly more strenuous walking, running for 27 km along the coast, across Hönö, Fotö, Öckerö and Hälsö. Along the trail, there are sights, bathing spots, places to eat and accommodation. Bus stops along the entire route make for easy access. visitockero.se

Ersdalen Nature Reserve on western Hönö is popular with those who enjoy bouldering. Many of the rocks are in a specular position right next to the water, for an extraordinary thrill. But you don't need

to be a climbing expert to come here – the area is an experience in itself!

It takes a while to get to the nature reserve on Rörö, but if you love wild animals, flowers and unspoilt scenery you won't be disappointed. Close to the ferry berth are a café and a food shop where you can buy your own picnic before heading off on one of the walking trails. Björkö offers untouched nature with open landscape, grazing animals and flowering meadows. The island is largely uninhabited, and there are many areas for walking.

Björkö offers untouched nature with open landscape, grazing animals and flowering meadows. The island is largely uninhabited, and there are many areas for walking.

visitockero.se

Much of **Vrångö** is a nature reserve, and there are excellent walks. Tärnstigen is a shorter stretch that is suitable for wheelchairs and pushchairs. Bird watchers and nature-lovers flock here for the varied flora and fauna.

From the highest point on **Brännö**, at the old pilot's look-out on the hill, you can take in views of Vinga and the approach to Gothenburg. From Brännö, you can walk across to the beautiful nature reserve on **Galterö** via a narrow land bridge. Here, you will find a wealth of birdlife and nature. Visitors like to paddle across from Brännö, and you can easily bring your kayak up onto the beaches at Galterö's bays. You can also enjoy stunning views of the entire archipelago from **Stysö's** highest point, Stora Rös. From here, you can walk along nature trails to Brännholmsviken Bay and the islet of Stysö Skäret. There is a bridge across to **Donsö**, so you can walk or cycle between the two islands. Donsö has several trails with spectacular views and picnic spots. You'll find beautiful nature at the far north and south points of the island.

goteborg.com

SHOPPING

The archipelago holds a special attraction if you enjoy shopping at the seaside! Stroll through Hönö Klåva and browse the charming small shops which offer a friendly welcome all year round. You will find a wide selection of clothing, interior design goods, gifts, seaside items, art, food and seafood as well as restaurants. Elsewhere

in the archipelago you can find art and crafts, interior design and grocery shops spread across the islands, often near the marinas.

BOAT EXCURSIONS

Want to see more of the sea? Join a seal safari and see our grey-spotted friends sunbathing on the rocks, or try fishing for crabs, mackerel and lobsters. Tour boats run from Hönö Klåva harbour out to Vinga, the childhood home of Evert Taube, with its distinctive beacon and pier.

Restaurants, cafés and nightlife

Locally produced, organic, vegan and vegetarian – Gothenburg offers plenty of sustainable delights to eat and drink. The traditional Swedish ‘fika’ coffee break has become famous worldwide. You can get a cup of good coffee and a cinnamon bun almost anywhere in the city.

SUSTAINABLE LOCAL PRODUCE

Everyone is talking about green gastronomy nowadays and there are many ways of exploring this trend for those who want to eat organic, locally produced and tasty dishes. In Vasastan, **Happy M Kitchen** serves good food that's also good for the environment, along with fine beers and carefully selected organic wines. The former premises of the auction house on Tredje Långgatan now house the **Taverna Aterna** bistro, which grows Krav eco-labelled herbs on its roof, while the gourmet restaurant **Upper House Dining** has its own beehives and vegetable garden on one of the roofs of Gothia Towers. **Noot Nordik Kitchen** prepares delicious, climate-smart food. Tuck into **Restaurang Svinn**'s lunches made with 'rescued' ingredients, or enjoy local produce at **Restaurang Familjen**. **Garveriet** and **Gunnebo castle and gardens** are two destinations just outside Gothenburg which focus on sustainability. **Vegofika** on Redbergsplatsen serves up a brand new take on vegan baking. **Kafé Frilagret** has a passion for organic, fairtrade food, and everything is vegetarian – with plenty of vegan and gluten-free options, too.

AWARD-WINNING

Gothenburg boasts five Michelin-starred (2021) restaurants: **Bhoga, 28+**, **Koka**, **SK Mat & Manniskor** and **Project**.

DINING WITH A RIVER VIEW

Make the views and setting part of your dining experience. From the 12th floor of the **Hotel Riverton** you get a spectacular view over the harbour mouth, and in the sky bar you can enjoy a drink and a bite to eat. The rooftop bars at **Radisson Blu Riverside** and **River Restaurant** on Norra Älvstranden, **Långedrag's Vårdshus** and the restaurant at **The Göteborg Opera** are four other favourites with great views of the water. **Henriksberg's** roof terrace features fantastic river views and a large terrace for sitting outside when the weather permits.

NIGHTLIFE AROUND LÅNGGATORNA

The area around the square Järntorget – and particularly the four Långgatan streets – are the hub of Gothenburg's alternative and more laid-back nightlife. **Ölstugan Tullen** serves a wide range of beers, and **Olssons Vin** is a wine bar with outdoor tables during the summer. **Byns Bistro** is located on Tredje Långgatan, and is also an antique shop where the décor in the dining room is for sale. At weekends, there is often traditional live troubadour music. Första Långgatan is home to **Haket**, an LGBTQ-friendly pub with a wide range of beers, quizzes and karaoke. **Le Pub** is a beer and wine bar, often with classic jazz on offer. **Pustervik** on Järntorget is one of Sweden's leading venues for concerts and club nights.

NIGHTCLUBS ALONG AVENYN

The main boulevard Kungälvssavenyn, known simply as Avenyn, stretches from the bridge at Vallgraven, right up to Götaplatsen. The street is lined with nightclubs, bars and restaurants. The four-floor **Hard Rock Cafe** is a popular spot. Across the street is **Valand**, with its night club, cabaret shows and concerts. **Lounge(s)** never disappoints, and offers multistorey clubbing: room after room, floor after floor, all the way up to the roof terrace. Up at the square Götaplatsen, you'll find the **Park Lane** night club and cabaret restaurant. The gay club night **Queer** is held here on the last Friday of every month. On Storgatan, near Avenyn, is the four-storey **Yaki-Da**, where each of the many different dance floors has its own musical style. Restaurang **Trädgåren**, next to the beautiful Trädgårdsföreningen, features a wide range of shows, concerts and club nights.

NIGHTLIFE WITHIN VALLGRAVEN

North and South American-inspired restaurant, pub and club **Barabacu** offers great food and cocktails. On Friday and Saturday evenings, the DJs spin a mix of hip-hop, funk/soul and disco. **Tranquilo** is the very opposite of what its Spanish name suggests. The restaurant becomes a dance venue into the early hours, serving up hot salsa – for both the tastebuds and the ears. Magasinsgatan is home to **Putas Madre**, a restaurant and bar with sumptuous red velvet décor, chandeliers and the Nordic region's widest range of tequilas. **Steampunk Bar** lives up to its name, with steaming machinery and a generous touch of fantasy. Drinks are often served smoking and bubbling by skilled bartenders. **Bee Kök & Bar** refers to itself as 'straight friendly', and welcomes everyone to dance late into the night. On Drottninggatan, you'll find the award-winning **Gretas** – one of Gothenburg's most popular gay clubs across two floors. Dance to everything from house to schlager, often with top DJs from around Sweden.

CONGESTION TAX

Gothenburg imposes a congestion tax on vehicles registered in Sweden and abroad. The congestion tax applies when you drive in/out or through Gothenburg from Monday to Friday between 06:00 and 18:29. Exceptions apply on Saturdays, Sundays, public holidays, the day before a public holiday and July, when no congestion charge is applied. Congestion charges are applied automatically. An invoice will be sent to your home address.

ACCESSIBILITY

You can find accessibility information for a variety of businesses in Gothenburg on the **t-d.se** website. Among other things you can check if they have a lift or wheelchair ramp. Many attractions, such as hotels and museums, are accessible. The Got Event **Tillgänglighet** app has been created for events, to make the City of Gothenburg's arenas more accessible for those who use audio description, sign language interpreting or hearing loops.
